The remarks of a prominent Washington Democrat, speaking of Tilden in connection with the McLin and Dennis "confession," are thus reported in the Chicago Times: "D— that weak old Tilden. It is enough to make me sick every time I think of it. When the time had come to act he never acted. time had come to act he never acted, and now for him to come driveling around with his agents, working up evidence of frauds where no one disputes or even questions them, it is hard to do anything but curse his idiotic weakness." This is rather hard on poor old 'Sammy," but he has served the purpose of the Democrats, and they have no more use for him. He is now only a sort of a "scape-goat," and will have to bear the burden of all the blunders committed by his party until another defeatted Presidential candidate takes his place.

LIPPINCOTT'S MAGAZINE. .

LIPPINCOTT'S MAGAZINE.

In Lippincott's Magazine for May is an illustrated paper on Roumania, by Edward King, which will attract attention by its timeliness. Roumania being, as a leading New York journal remarks, "just now the pivot of political interest in Eastern Europe." Another well illustrated article entitled "A Mountain-Holiday." gives a thrilling account of the first trip over the recently completed Denver and Rio Grande Railroad, which penetrates to the heart of the Rocky Mountains, attaining an elevation scarcely inferior to the great Peruvian road with still steeper gradients and sharper curves. Its construction is probably the greatest feat of engineering yet accomplished in the United States.

There is a variety of short and interesting articles in the united States.

There is a variety of short and interesting articles in the united States.

G. H. Putnam describes the quaint atreets and houses of old York; Mary Dean utters a humorous "Counterblast at the Married Folks;" Frank Furness, the architect, gives some useful "Hints to Designers;" and Charlotte Adams has some reminiscences of Gustave Courbet, the Communist artist; while Mrs. R. H. Davis writes about Cremation, and Mrs. Lucy Hooper about the Paris Theatres.

"Theodolinde," by Henry James, Jr., is a story of Parisian life in the author's peculiar vein; "Hephzibah Guinness" is by Dr. S. Weir Mitchell; "His Excellency 'Old Ugly," by Rev. Wm. R. Baker, and "A Tragely of Sedan," which is a story in verse, by Anna C. Green; the whole forming a most delightful and entertaining number. This Magazine is steadily improving with each issue, and the numerous illustrations that embellish the text make this a peculiarly aftractive number.

WIDEAWAKE FOR MAY.

WIDEAWAKE FOR MAY.

On the arrival of the May Wide Awake the children will at once turn to the four-paged "Classic of Baby-land." "Aladdin, or the Wonderful Lamp," versified by Mrs. Clara Doty Bates, and illustrated with some excellent Chinese pictures by Miss Lathbury. Just as fascinating will they find the funny verses, "How the Froggies Go to Sleep," with the five funny illustration by Hopkins. Another breezy poem with a frontispiece illustration, is "Dropping Corn," by Mrs. M. B. C. Slade.

All the children, especially the boys, will have a good laugh over "Bobby's Shrits," by Mrs. Annie A. Preston; while the article which follows it, "Left-Handed Luck," by Louise Stockton, will give them mat ter to thing about more seriously. "The Child Toilers of Bostou Streets," treats this time of the little fruit venders; and the two serials "True Blue" and a "General Misunderstanding," are bright and alive with action and interest.

The English Literature paper, by Mrs. Lillie, relates to the "Early English Dramatists," and is full of curious facts about the "heater just before Shakespeare's time.

The older readers of Wide Awake will doubtless consider No. XVII. of the Poets' Homes Series; the most valuable article in this infimber, it being about Dr. Oliver Wendell Holmes, by Arthur Gilman, and illustrated by a fine portrait of the poet from a recent photograph. It also gives a charming view of the study in his house on Beacon Street.

A GRAND soldiers' reunion will be held at Leavenworth on the 18th and 19th days of this month. Gens. Sherman and Sheridan, and many other distinguished army officers are expected to be present. A REMARKABLE RESULT.

It makes no difference how many physicians or how much medicine you have tried, it is now an established fact that German Syrup is the only remedy which has given complete satisfaction in severe cases of lung diseases. It is true there are yet thousands of persons who are predisposed to throat and lung affec-tions, consumption, hemorrhages, asthma severe colds settled on the breast, pneumonia, whooping cough, &c.. who have no personal knowledge of German Syrup. To such we would say that 50,000 dozen were sold last year without one complaint. Consumptives try just one bot-tle. Regular size 75 cents. Sold by all

A PROONABLE PRIDE Prompts most people to delay, by any laudable means that science affords, the evidence of physical decay. Who that is not in perfect health would not match the bright eye, the active mind, and other appearances of youthful vigor, with the luxuriance, the rich color and the beauty of youthful hair? Parker's Hair Balsam stands pre-eminent as an elegant hair dressing, and by its healthful action on the roots not only promotes a luxuriant growth of the young hair, but unfailingly restores gray or faded hair to the original youthful color, giving a soft, rich, and lustrous appearance of great beauty. No other preparation so effectually removes dandruff or stops falling of the hair; its cooling and healing action entirely curing itching and humors of the scalp, and keeping the skin clean, white and healthy. It is perfectly harmless, exquisitely perfumed and contains nothing that will soil the skin or gum the hair. It is not a dye, and is unequaled for excellence and purity. Buy a bottle from your druggist, R. B. Stevenson, and test its merits.

WOMANLY ELEGANCE AND GRACE.

There are few among our fair readers who would not gladly possess the rosy complexion, the beautiful form, the cheerfulness and elasticity of spirits that good health always imparts. Parker's Ginger Tonic will restore these feminine attributes to thousands whose shattered constitutions are due to functional derangements. It radically cures dyspepsia, gives tone to the enfeebled organs, dissipates headache, neuralgia and nervousness, relieves painful periods, and safely establishes regularity of the female functions. It soothes the nerves, imparts ease and strength to mothers themselves, and through the milk to their nursing babes, prevents the nausea and constipation peculiar to ladies in a deli-cate condition, greatly relieves the sufferings of this period, and is unequaled in curing bowel disorders and pains in Beacon Street.
Then there are "Rubber Boots," "A Child's Garlen," "Clean Hands," "Pure Lips," "In Galileo's Tower," "Daisy and the Puss-Baby," the "Fifth Misfortune of Miss Muslin;" besides is far superior to essences of ginger, possessing the additional virtues of other roots and herbs. Buy a \$1.00 bottle of R. B. Stevenson, or a sample bottle at 15 cts., and test its extraordinary merits
